## EDUCATION AND TRAINING

**BSc. in Computer Engineering @ Galatasaray University, Istanbul**

Software Dev, Databases, Networks, Robotics, Op Systems, Artificial Int, Comp Architecture

## PROJECT PORTFOLIO

**Buhane.com**

It's a personal project which connect landlord and tenant in platform. In this project, we use last technologies for front-end and back-end services.

- Coding front-end using React JS library supported Redux.
- Coding of various microservices (used Spring Cloud)
- Manage front-end pipeline

Applied technologies: React JS, Redux, CSS3, HTML5, Java, Spring Boot & Spring Cloud, Webpack, Babel, Nodejs (express framework)

**Nova W-Spy**

W-Spy is an automatic web security scanner tool in Nova Security Product Family. It aims to find vulnerabilities in web sites or web application using microservice architecture with high performance and flexibility.

- Coding of various microservices and their REST APIs in Spring framework
- Single interface design for complete microservices set and its development in angular-js
- Creation of Jenkins CI pipelines and error feedback tools.
- Unit test development for front-end and back-end
- Functional test design for microservices

Applied technologies: Angular-js, Js, CSS3, HTML5, Java, Hibernate, Jersey, Spring, Jasmine, JUnit, Mockito

**Nova MSP**

MSP (Media Security Platform) is a mobile application providing secure communication over WebRTC platform. It's a member of Nova Security Product Family.

- Application architecture, design and development of user UI
- Development of WebRTC communication system
- Applied technologies: Swift 2, Xcode

**ZIMS**

ZIMS (Zoo Information Management System) is a global real-time information management software with over 10K+ active users.

- Development, testing and module management of the software
- Applied technologies: Js & Ext Js libraries, html, css, C#, .Net.

**Ainsworth.com**

Web page of the Canadian energy company Ainsworth

- UI/UX Design, development in html, Js, css ve C#, .Net. Admin interface modules development in Ext Js

**Mantolama.co**

Exterior thermal sheathing and insulation works website. SMS service and client upload service development.

- UI/UX and development in html, Js, css, C#, .Net. Admin interface modules development in Ext Js
- UI/UX and development html, Js, css, C#, .Net. Admin interface modules development in Ext Js

**TeamTaskTracker****Formdakal.com**

Wordpress custom theme creation for healthy nutrition web page

**Konforlubebekler.com**

Wordpress custom theme creation for healthy nutrition web page.

**diyetimibozdum.com**

Responsive web design and development for nutrition company. Js, Html, Css, MVC/.Net, EF 6, MsSQL

## ADDITIONAL INFORMATION

Football lover, traveller and chef of own house.
